

NODAWAY SHIPPERS MEET HERE SOON

CONFERENCE TO BE HELD AT FARM BUREAU OFFICE

FRIDAY MORNING JULY 27

Program Will Be Informal and All Shippers of County Are Asked to be Present

The Livestock Shipping Association meeting will be held in the farm bureau office in Maryville at 10:30 o'clock Friday morning, July 27. Previous announcements have stated that this meeting will be at the courthouse but those in charge are arranging to have it in the farm bureau office instead. R. A. Kinnaird will be chairman of the meeting.

The officials and managers of the association, as well as all others interested, have been invited to attend the conference here. Ways and means of reducing losses that shippers incur in getting their stock to market will be discussed at this meeting. Other problems in transportation and marketing will also be treated during the session.

This meeting is called by the Missouri State Marketing Bureau of the Board of Agriculture in co-operation with the various producers and shipping organizations in this territory.

The program will be informal but representatives of the railroads have been invited and the Western weighing and inspection Bureau will have a representative present. He will probably show in the form of motion pictures the actual results of some shippers and the means of holding losses at a minimum. Some of the more successful Nodaway County shippers will be asked to discuss their systems of handling shipments and everyone will have ample opportunity for presenting individual problems. R. A. Kinnaird said this afternoon.

The Wilcox lodge has a membership of sixty-seven. Marion Smith, F. E. Orcutt, Guy Eads and Harry King went from Maryville to assist in the installation.

Refreshments were served after the meeting.

Mrs. Shinabargar Dies in Miles City, Mont.

Word has been received in Maryville of the death of Mrs. Ida B. Shinabargar of Miles City, Mont. She was born in Maryville September 16, 1874. In 1903, she was married to W. F. Shinabargar and they moved to Miles City at that time and have made their home there since. Mr. Shinabargar is a member of the police department of that place.

Curnutt Champion in Horseshoe Singles

Curnutt defeated McKee in the final round of the men's singles horseshoe pitching contest 53 to 36. Curnutt has far outclassed all of his opponents in the tournament and deserved the title.

C. E. Bowman and Ad Huffstetter of Elmo were in Maryville on business today.

College Base Ball Teams Tied for First

The Bull dogs and the Thorborn baseball teams were tied at the end of the schedule for the College championship baseball. A match game has been arranged by H. W. Leech, coach, which will be played off after the basketball tournament is finished.

Both of the teams have dropped a game to the other one this season and so an interesting game is to be expected.

TO HOLD CLASSES IN GARMENT MAKING

FARM BUREAU TO CONDUCT SCHOOL IN LINCOLN TOWNSHIP

AT ELMO HIGH SCHOOL

August 14 to 17—Miss Lois Martin of University of Missouri Will be in Charge

Preparations are being made among the women of Lincoln township for a millinery or garment making school to be conducted at the Elmo High School, August 14-17, by Miss Lois Martin, Clothing specialist of the Agricultural Extension Service, University of Missouri. Since there are no women's clubs in the township from which to select leaders, the women are meeting by school districts, each district selecting one leader, as there are twelve districts in the township and that would be the maximum number who could be given careful instruction by Miss Martin.

The Dawson district has selected Mrs. Joseph Horning or Mrs. Eugene Humphrey, Miss Arcile Ward will be the leader from Lorain. Mrs. E. N. VanSickle or Mrs. M. A. Atherton, will go from High Prairie. Mrs. Presley E. Bailey or Mrs. Elvin Campbell will represent Maple Grove. Mrs. J. E. Snodderly from North Prairie and Mrs. Henry L. Hopper from Union have been selected to represent their districts. The women of Possum Walk Elmo, Cottonwood, Mt. Tabor, White Chapel and Salem districts have not yet selected their leaders but are preparing to do so as soon as possible. The leaders will take the instruction in either millinery or garment making for four days under Miss Martin's direction. After the school at Elmo, meetings will be held at different homes in each district at which leaders who received instruction from Miss Martin will teach the work to the rest of the women in their communities. By this plan every woman in the township will have an opportunity to learn how to select becoming shapes of hats, make frames and cover them with suitable material and trimming; or how to make foundation patterns, dresses and undergarments and how to use the foundation patterns to design garments, depending on whether the women prefer the millinery or garment making school.

Garment making and millinery schools which have been held in other parts of the county have been very popular and there have been many requests to have the schools repeated.

WILL ARRIVE HERE FOR SHORT VISIT

REV. FR. PATRICK AND FR. DAMIAN CUMMINS TO VISIT PARENTS

IN COLLEGE AT ROME

Sons of Patrick Cummins Have Been There for 3 Years—Father Patrick is Rector at College

The Rev. Father Patrick and the Rev. Father Damian Cummins, sons of Mr. and Mrs. Patrick Cummins of near Burlington Junction landed in New York City the early part of this week from Cherbourg, France. They sailed on the President Arthur of the American steamship line on July 6. They will arrive at Burlington Junction the early part of next week.

During the last three years, Fathers Patrick and Cummins have been studying at St. Anselm's International College at Rome, Italy.

On their way to Burlington Junction, they will stop for visits with relatives at Brooklyn Hartford and Pittsburgh.

The Rev. Father Patrick is the rector of the College at Rome and after spending his vacation with parents and friends in Nodaway County, will return to his work at Rome.

The Rev. Father Cummins was ordained to the priesthood at Rome July 9 of last year. He was formerly a student of theology at St. Anselm's. After a visit with home folks, he will take up work at Conception College at Conception.

I. W. W. Hordes Fail to Reach Port Arthur

20,000 Members, Who Were Reported on Way to City to Avenge Mistreatment of Members

Port Arthur, Tex., July 19—Members of the I. W. W. who were reported to be on their way here, had not arrived this afternoon, according to Chief of police, W. W. Covington.

The reported "invasion" was said to have been ordered by officials of the organization because of alleged mistreatment of three members in Port Arthur recently. The report said that 20,000 members were on their way, but it has failed to alarm city officials.

"I don't know just what we will do with them," said the chief. "We are not going to make any definite plans until they get here. But we will find plenty for them to do when they come."

The chief declared that he was confident all could be arrested on charges of vagrancy and then the authorities would provide work for them.

MESSINA ITALY FEELS A SLIGHT EARTHQUAKE

Rome, July 19—An earthquake shock was felt today at Messina. Only a slight damage was reported. Messina is near Mt. Etna which recently was in violent eruption.

Edgar C. Johnson, Sr., wife and son, Reginald V. of Burlington Junction; Elmer W. Johnson, wife and son, Joseph, of Quitman, and Edgar C. Johnson, Jr., and his young bride of Quincy, Ill., called on Mr. and Mrs. W. L. Johnson Tuesday evening prior to the return of Edgar C. Jr. and wife to their home.

The Nodaway County Spirit

Nodaway County farmers are never too busy to help an unfortunate neighbor. This was again proved yesterday when fifteen neighbors of Gideon Matter, who is in the hospital now as the result of his car recently being hit by a north-bound Burlington passenger train, went to his farm north-east of Maryville and put up his hay crop. Tuesday the men cut his twenty acres of clover and timothy, and yesterday they put it in the barn and in stacks.

The following are the men who helped do the work: Glen Spangler, Fred Wrightman, Harry Burr, Pat Farrens, and small son, Dale; John Chesnut, Geo. Wilmus, Elmer Akers, Jim Farris, Albert Mart, A. R. Robinson, Ed Belcher, Irwin Belcher, Levi Wallace, and John Z. Curnutt.

HARDING SILENT ON MANILA ROW

IS WITHOUT OFFICIAL INFORMATION ON PHILIPPINE FUSS

ONLY PRAISE FOR WOOD

Chief Executive Speaks Appreciation on Present Filipino Administration—Back to U. S. in a Week

Seward, Alaska, July 19—President Harding is not bothered over the Philippine row. Senator Quezon's report of his side of the controversy has not yet been received by the President, likewise no report has been received from Governor General Wood.

Despite the absence of reports on the situation, President Harding made it clear that he would not mix in any way in the row before he returns to Washington.

As a matter of fact Harding has heard nothing on the controversy except meager press reports giving no cause or details. Consequently he has declined to express an opinion except to speak appreciation of the Wood's administration. It was indicated plainly that Harding would stand squarely behind the Wood administration.

President Harding spent all day aboard the Henderson working on routine stuff, signing commissions, documents and the like, and also working upon his speeches that he will deliver in Seattle and California on his return from Alaska next week.

The transport Henderson sailed early this morning from Resurrection Bay to Voldez where it will arrive late this afternoon, then to sail to Cordova, where it is due early Friday morning.

Better Credit to Real Estate Owners

New Ruling of Federal Reserve Allows Member Banks to Better Care for Borrowers

Washington, July 19—The Federal Reserve Board placed millions of dollars in additional credit at the disposal of the member banks of the reserve system on real estate loan transactions by modifying the existing rules and allowing banks to meet the needs of prospective borrowers on more liberal terms.

The board adopted regulations which means greater borrowing possibilities for every owner of real estate unincumbered, equally favorable to city and rural property owners.

Member banks of the reserve system no longer will have to cancel real estate loans at maturity. The banks are now permitted the board said, to renew old notes and to extend them for similar periods. This will be done without "red tape" formulas formerly set down in the department rules.

Farm and city real estate owners alike will benefit by the new provisions.

DAWN-TO-DUSK FLIGHT UNDERWAY

LIEUT. MAUGHN LEAVES ST. JOSEPH, MO., AT 12:05

PLANE WORKING FINE

Army Airman Who Left New York at 4:08 a. m., Expects to Dine in Frisco Tonight

St. Joseph, Mo., July 19—Lieut. Russell L. Maughn, attempting to fly across the American continent between daylight and dark, roared off on the third leg of his transcontinental trip from here at 12:05, o'clock central standard time this afternoon.

More than a thousand persons cheered the daring aviator as he took the air, confident of reaching his goal on scheduled time.

"I expect to eat dinner in San Francisco tonight," he said before he took the air. The plane was working perfectly, he declared, and he had experienced no trouble.

The airman fooled the crowd a short time before his getaway, by opening his throttle and dashing down the field as if to take off. It was only a trial spin, however, and the crowd got two thrills in the place of one.

Maughn arrived here at 11:28 o'clock, eighteen minutes ahead of schedule. He had been fifty-three minutes behind time in leaving Dayton and made up the difference en route. He expects to leave Cheyenne, his next resting place, well ahead of schedule. He is due to arrive there at 3:23 o'clock this afternoon.

Minneapolis, L. I., July 19—Undaunted by his first failure to fly from New York to San Francisco between dawn and dark, Lieut. Russell L. Maughn, of the army air service, took to the air in his second attempt to make the flight at 4:08 o'clock, eastern standard time, this morning.

Lieutenant Maughn will follow the same schedule that he attempted two weeks ago, when his plane developed motor trouble and he was forced to land in a field near St. Joseph, Mo.

Half Minute Interviews

The question was asked today at the College to students and faculty members.

The question asked: "What do you think would be the greatest improvement that could be added to the College in the next year?"

W. W. Stanfield, head of the Agriculture department of the College: "The addition of live stock to the agriculture department and also necessary buildings and equipment to carry on the work successfully."

Katherine Franken, teacher of psychology: "A training school which is entirely under the supervision and control of the College, so that the students could learn teaching by practice and not book theory."

H. W. Leech, "physical education: The addition of a course in coaching, etc., by efficient teachers. Such teachers could also coach the College athletic teams. Also the release of the appropriations for a new gymnasium."

Leston Webb, student: Without a doubt a new gymnasium would be the biggest thing for the College."

H. A. Foster of the history department: "A community ice skating pond for winter sports, to be constructed southwest of the building. As yet we have no winter sport, and this could be a town affair which would promote a co-operation between the city and College."

Fred Kurtz, student: "Promoting a greater interest in literary societies and debating teams."

Jack Shely, student: "The College certainly needs some additional tennis courts."

Mabel Gaw, student: "The College thus far has shown a lack of pep and school spirit and this certainly is needed in any College."

A Motor Car Runs Amuck, Killing 1

St. Louis, July 19—One person is dead and five were injured today when a woman, driving an automobile, lost control of the machine and it ran amuck on a sidewalk here.

Mrs. Laura Griffin, of Beardstown, Ill., who was driving the car, and Robert King, owner, is being held for the coroner's at the city hospital. Both are seriously injured.

Brookhart Warns G.O.P. to Call Extra Session

Washington, July 19—The Republican party will lose control of Congress in the next election unless a special session is called immediately to enact additional relief legislation for the farmers, Senator Smith W. Brookhart, Republican of Iowa, declared here this afternoon before going to the state department to discuss his recent European observations with Secretary Hughes.

PARIS WEAKENING ON RUHR POSITION

FRANCE SAID TO BE ON VERGE OF LENIENT ATTITUDE

MUST CEASE RESISTANCE

German Passive Resistance is Still Bone of Contention in Reparation Discussions

London, July 19—As a result of the diplomatic conversations the French indicated to Great Britain today that it will adopt an "invisible occupation" of the Ruhr when the German passive resistance ceases. The French are unwilling however, to evacuate Essen until the first German annuities are paid under a new reparation agreement.

London, July 19—It was reported in diplomatic circles today that Great Britain has requested Germany to prepare a memorandum showing the exact returns that could be expected from the reparation offer by Berlin in the June note. London and Paris are understood to be discussing informally the terms which Germany demanded before ending passive resistance against the French occupation in the Ruhr.

The question of inter-allied debts will not be injected until it is made clear how much Germany can pay and the best method of paying.

Premier Stanley Baldwin is anxious to avoid any reference to passive resistance if possible. Owing to France's insistent demands that the German government give a pledge to end passive resistance it appears unlikely that Baldwin will be able to avoid this issue.

It was reported from Paris that France was on the verge of adopting a more lenient attitude. It is known that Belgian influence has lined up with the British and that it has had considerable effect in French official circles.

King City Favorite in Girls' Tourney

King City plays Chila for the girls basketball championship of the College at 2 o'clock this afternoon. King City won its way into the finals by defeating Jameson 19 to 9. Chila defeated Savannah 31 to 15. The odds in the tournament favor the King City girls to win the game.

In the boys basketball tournament, the Benchwarmers defeated the Tigers 17 to 10. The Vultures took the count from the Blizzards 31 to 10.

Ten Persons Examined at Conception Junct.

First Time Any of Them Had Been Examined by Health Officers—Mrs. Bean at Graham

Ten infants, pre-school and school children were examined at the health conference conducted by the Nodaway County Health Department at Conception Junction yesterday afternoon. Seven mothers were present at the conference. It was the first time any of the children had been examined by the health officers here and practically all of them were found to be in excellent condition. Dr. C. P. Fryer said this morning.

Today is an open date for the local health department and tomorrow afternoon, a conference will be held at Hopkins.

Mrs. Grace Bean of the Nodaway County Health Department is in Graham today instructing a class of women in bedside care. She will also give the second lecture to the Little Mothers' Club there this afternoon. This club was organized about two weeks ago and has nine members.

TO BRING MANILA ROW TO HARDING

MANUEL QUEZON TO COME TO THE UNITED STATES

SITUATION IS GRAVE

Announces War Department Today—General Wood Will Not be Recalled

Manila, July 19—The Filipino independence commission decided today to send Manuel Quezon, foremost political leader and president of the senate to the United States to carry a protest against Governor General Leonard Wood's administration to President Harding. Quezon led the cabinet and the council of state in resigning and has been the head of the non-co-operative movement against Wood's administration.

Washington, July 19—The controversy in the Philippine Islands between Governor General Wood and the members of the cabinet, has resulted in a situation grave enough to demand the attention of President Harding before the formation of any new policies it was announced officially at the war department today.

Washington, July 19—Resignation of Filipino officials from the cabinet of Governor General Leonard Wood in Manila will not result in the ex-American army officer being recalled. On the contrary, it was learned here, the whole administration will stand squarely behind General Wood and back him up to the limit, and the governor general will be left alone to adjust the differences.

Manuel Quezon, president of the Philippine senate, who formerly was delegate from the Philippine Islands to the American congress, has appealed to President Harding, but in view of the fact Quezon is one of the leading figures in the demand for Philippine independence, it is not believed his representations that General Wood is "going over the heads of his local advisers" will weigh heavily at the White House.

Advocates of Philippine independence have established a propaganda office in the United States and are printing a newspaper, which is being circulated free of charge to men in congress and public life, with a view to forcing the issue of independence in the new congress.

High officials of the war department characterized the explosion in General Wood's cabinet as "comparatively trivial."

Secretary Weeks and other officials of the war department are understood to feel that while perhaps General Wood might have proceeded a bit more prudently in the Ray Conley case by leaving to local officials this "comparatively trivial" incident, there is no disposition to chide him or deny him the fullest support so far as the Washington government is concerned.

Civil War Still Feared in Germany

But Government Will Ruthlessly Handle Any Uprising It Was Announced Today

Berlin, July 19—In the face of constant open prediction of civil war the government today formally stated that any attempts to overthrow the government would be put down ruthlessly and forcefully no matter whether it came from left or right.

This statement included the declaration that the "majority of the people will not stand to be dragged through criminal folly into a bloody internal struggle."

For some weeks the Royalists and Communists have been charged with preparing for a great coup with the force of arms.

LARGEST CIRCULATION IN NODAWAY COUNTY

MINNESOTA KICKS

From St. Louis Post-Dispatch.

Minnesota has repudiated the Harding administration. That is what Monday's election means, in which Magnus Johnson, Farmer-Laborite candidate for the late Senator Knute Nelson's seat, defeated Gov. Preus, the regular Republican candidate, by a plurality estimated at 40,000. The complete returns are not yet in, but reports already filed suffice to show that the cities along with the country joined in the rebuke to the administration. It is not merely an agrarian revolt. It is not merely a triumph for La Follette of whom Johnson is a follower. The Minnesota verdict is the censure of a State.

In a belated effort to turn the tide and to appear as something of an independent, Gov. Preus a few days ago qualified his allegiance to the Harding administration by denouncing the Fordney-McCumber tariff, which has proved such a fraudulent disappointment to the farmers. But Johnson, whose Swedish accent has provoked considerable merriment, neatly countered by observing that "if I had been in Washington at the time of the Newberry contest I would have known enough English to vote No." In short, Johnson made the race as an enemy of the administration without reservations and he refused to let his opponent masquerade as an anti-administration candidate by denouncing the cordially despised tariff law. As a political strategist Johnson proved as skillful as the wily Governor, which may be accounted for, perhaps, by the fact that the proficient La Follette directed the Johnson campaign.

The Minnesota decision, following reversals suffered by the administration in congressional elections in Iowa and Michigan, where top-heavy Republican majorities were almost wiped out, is cause for uneasiness at Washington. With the farmer vote alienated, as it seems to be, with the labor vote estranged and with the cities lukewarm or even hostile, as indicated in Minnesota, just where is Mr. Harding to find re-election in 1924?

It would be a bitter pill for the Old Guard to swallow La Follette, but at this juncture the Wisconsin Senator appears a most formidable contestant for the Republican nomination next year.

Wise Cracks

After all the recent efforts to help the farmer through legislation, cotton has hit the toboggan, wheat slumps, and flour sells at the lowest price quoted in eight years. Late Telegraph News

Enid, Okla., July 19—Officials of the Southwest Wheat Growers, associated report that the recent ruling of the Interstate Commerce commission, requiring the refund to shippers of the excess switching fee charged on all export shipments handled in the Galveston yards during the past four years will result in saving to members of the association of at least \$1,500.

Enid, Okla., July 19—Emboldened by the success of recent wrestling and boxing exhibitions held here, a group of influential business men, headed by Burt Austin, wealthy sporting goods dealer, are rumored to be perfecting details of an offer to be wired to Jack Kearns for the holding in Enid of a championship match between Jack Dempsey and some worthy opponent.

Situated in the heart of a rich agricultural and oil producing district, it is the opinion of men behind the project that such a match here would draw abig crowd. Railroads extend from here to ten points of the compass, and the city is well equipped with hotels and eating houses to take care of the crowd.

Austin, questioned on the matter, stated that such plans were in progress of completion, but that he was unwilling to make a public statement until he had secured the consent of the others interested with him in the project.

Kansas City, Kas., July 19—John Rollihan says he is married. Mrs. Lucille Brown says the same thing.

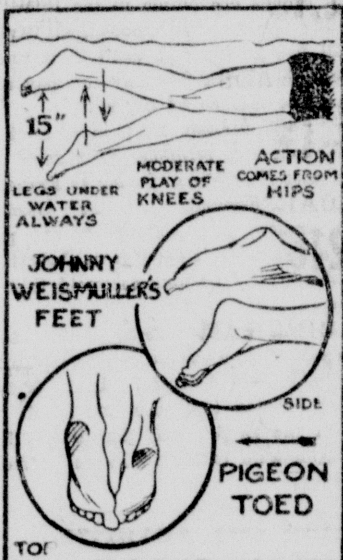

Mrs. Brown was seated on a park bench in a public park here last night when Rollihan sat down beside her and tried to "get acquainted."

He succeeded.

Mrs. Brown called a policeman and had the "masher" arrested.

"In view of your indifference to the marriage bonds I don't believe you would miss your wife for few days," said Judge H. S. Roberts, as he fined Rollihan \$100 and sentenced him to thirty days in jail.

SWIMMING INSTRUCTIONS

What is the proper style of leg action in the crawl stroke?

Answered by

BILL BACHRACH

Illinois Athletic Club; most famous and successful of all swimming coaches; has turned out champions such as Johnny Weissmuller, world's fastest swimmer; Norman Ross, Sibyl Bauer, Perry McGillivray, Harry Hebner, Arthur Raithel, Bob Skelton, and Mike McDermott.

With the legs, ankles and toes extended at full length and close together, the legs start a thrash up and down, the approximate distance between the top foot and the lower foot at the widest stage being from 15 to 18 inches. While the action comes from the hip by the use of the thigh muscles, the knees are not held rigid but are allowed a moderate play. The ankle has an undulating action with the force of a whip lash. The legs should be under the water at all times as the best traction power is obtained down deep. The legs make six beats while the arms go through one complete revolution. Some of the great swimmers get the best results from their feet by using them as though they were pigeon-toed.

REDPATH VAWTER
Has Kept Faith With the Public

THE pendulum of chautauqua popularity is on the up-swing again, and that good and strong where Redpath Vawter service it known.

We got our hard bumps in the readjustment days, and those unfriendly to chautauqua got out in the open with their little hammers. But worth-while programs have won the battle.

The real friends of clean entertainment, intellectual uplift and social inspiration realize as they never have before, the great value of chautauqua to a community, are aroused to the necessity of the chautauqua, and are determined that it shall continue more successfully in the future than ever in the past.

Our delegate convention furnished the last word of proof that convinced the most doubting of "doubting Thomases" that we are more interested in worth-while programs than we are in profits, and that all we want is a fair return on our investment and service.

When boosting for Redpath Vawter chautauquas, you boost for your own interests first, last and for all time.

The better you make your chautauqua, the better your chautauqua will be. If you fail to make your chautauqua the success it should be, you are contributing towards the lessening of this great influence, not only at home but throughout the state.

Don't let your own business and personal affairs absorb your time to the extent that you will neglect to do your fair duty to your community, your children, and your neighbor's children, in making available for them the splendid advantages of a real worth-while program. The thinking citizen wants a chautauqua.

TO TREAT DEAF PRINCE

Dr. Curtis H. Muncie of Brooklyn N. Y., widely known as a specialist in diseases of the ear, has gone to Europe, and admits he is going to treat "a well-known case of very severe deafness, given up by specialists in Europe." It is known that the patient is none other than Don Jaime, second son of King Alfonso, who has been deaf since birth. Dr. Muncie also accepted invitations to demonstrate his new method of "manipulative surgery" or "reconstruction of the Eustachian tube" before leading medical associations in London, Paris and Glasgow. He uses no instruments in his treatments of the deaf.

Do Women Need Their Own Political Party?

(By Samuel Adams).

Can the woman voter accomplish more
by joining the existing political parties
and working in co-operation with
men, or by forming a Woman's Party
with a Woman's Platform and women
candidates? Should women become an
independent force in politics? Here
are just some reasons why they should:

YES

1. The woman's point of view is
needed in politics. Women are inter-
ested in social problems, in child wel-
fare, in schools, in peace. Men are pri-
marily concerned with problems of
business, finance, office holding—they
have done nothing to keep us out of
war. On the contrary, man made and
man-controlled governments were res-
ponsible for the wars in the past, in-
cluding the terrible war of 1914.

2. The influence of the woman voter
is lost if she joins existing parties, be-
cause women will divide in about the
same proportions that men do, swell-
ing the number of voters in each par-
ty, but not changing the results in any
vital way. Every politician realizes
this, and therefore all politicians, with
one accord, urge women to join men's
parties. "Divide and conquer" is
their evident plan.

3. The major political parties are
all controlled by men. Each party has
its man chairman, and the "inner coun-
cils," in which are decided important
policies, are still limited to men. The
Republican party, for instance, has an
Executive Committee, composed entire-
ly of men. The women of that party
are forced to form their own Executive
Committee, and are not allowed to sit
as members of the men's committee.
Prominent Republican women have
asked in vain for a fifty-fifty repre-
sentation within their own party.

4. Women candidates have not a fair
chance in the old parties. The existing
parties are organized to secure politi-
cal office for men, not for women. In
spite of the fact that more than 20,
000,000 women are entitled to vote, not
one of the national party conventions

in the last presidential election nomi-
nated a woman, and only 25 women re-
ceived party nominations for member
of Congress, compared with 970 men
nominated. Only one woman, Mrs. No-
lan, of California, was elected to sit in
the Sixty-Eighth Congress, out of a to-
tal membership of 435, and this was at
a special election after her husband, a
Congressman died. No woman is a
member of the cabinet. In the gov-
ernment services women occupy the low-
est positions.

5. Most party platforms, drafted by
men, either ignore or slight the issues
particularly important to women. The
party platform discusses at length
such issues as the tariff, taxes, etc.,
but says comparatively little about ed-
ucation, child welfare, etc.

6. Even the few political sophs
thrown to the woman voter in the par-
ty platforms are forgotten after elec-
tion day by the successful men candi-
dates. Take for instance, the pledge
by candidate Harding that he would
form a Department of Public Welfare,
made to a delegation of women during
the 1920 campaign. That pledge is un-
fulfilled and apparently forgotten.

7. On the other hand, if women or-
ganized their own party they could hold
the political balance of power, since
their votes, even if not sufficient to
elect their own ticket, could be so for-
midable an element in a national elec-
tion that the other parties would be
forced to compete for the woman voter
and so would grant her demands.

NO

1. It is a mistake to talk of a wom-
an's point of view and women's is-
sues. Social problems child welfares,
and peace, concern men as well as
women, and can be solved only by
men and women working together.

2. It would be impossible to form a
woman's party, for women are not
trained to stick together. Women are
divided even on the issues generally
spoken of as women's issues. They
were divided on suffrage, they are di-

vided on peace, divided on welfare leg-
islation, divided on equal rights legis-
lation. It is just as foolish and im-
possible to claim that all women will
think alike, as that all men will think
alike.

3. The influence of the woman voter
would be lost much more surely if
she attempted to form her own party
than if she joined existing parties.
The history of politics shows that a
third party rarely, if ever, has a
chance to succeed in the United
States. For instance, the Populist
party, the Prohibition party, the So-
cialist party, the Farmer-Labor party,
the Progressive party have never suc-
ceeded in capturing an election or in
doing more than elect a few minor
candidates.

4. Though men are still the control-
ling factors in the dominant political
parties, the tendency is to give the
women greater and greater power.
The Democratic party has already
placed an equal number of women and
men on its National Committee, and
in the minor parties women are also
being given prominent places. In the
Republican party, the fact that wom-
en have their own executive com-
mittee does not mean that their position
is inferior, but rather coordinate.

5. Women candidates have not been
nominated and elected in equal num-
bers with men, not because of any
lack of willingness on the part of the
parties, but because women candi-
dates are not yet available in as large
numbers as men. Their political ex-
perience has been much shorter, they
are not as yet willing to serve as can-
didates and even when they are
nominated, the voters will not as a
rule elect women. Women candidates
will be nominated and elected just as
soon as the public, including women,
really demand this. Primaries exist in
most states and women candidates
can now be nominated and elected, if
they can get the votes.

6. The party platforms of 1920 are
not a fair test of what the woman
voter can secure from existing parties
because they were drawn up by con-
ventions chosen before women as a
whole had the vote. The suffrage
amendment was ratified in August,
1920. Party conventions were held the
preceding spring.

7. Reforms in the government and

in legislation can be secured only
through the party in power, under
our two-party system. Women can,
therefore, secure what they want only
by working through a party which has
some chance of election, that is,
through one of the parties already in
existence.

8. If there is to be a third major
party there is no reason why it should
represent a division of the people by
sexes. If there are problems in this
country that the two major parties
sidestep or seem unable to solve,
those problems affect the whole popu-
lation and not merely the masculine
or feminine part of it. In other words,
if a new political alignment is neces-
sary, as Nicholas Murray Butler,
Frank Munsey and others have sug-
gested, those problems of importance
to all the people would naturally take
precedence over those primarily of in-
terest to women alone or men alone.

GIVING OUT

The Struggle Discourages Many a
Citizen of Maryville

Around all day with an aching
back.
Can't rest at night;
Enough to make any one "give up."
Doan's Kidney Pills are helping
thousands.

They are for kidney backache;
And other kidney ills.

Here is convincing proof of their
merit:

E. A. Berry, retired, Willow St.,
Stanberry, Mo., says: "At times my
back was lame and sore and sharp,
cutting pains caught me in the small
of it leaving me in a bad way. The ac-
tion of my kidneys was irregular and
the secretions were highly colored and
burned in passage. The first few boxes
of Doan's Kidney Pills I used com-
pletely cured me of this first attack
and since then whenever my kidneys
are not acting properly, due to a cold,
I take Doan's Kidney Pills. This fine
old reliable medicine never fails to
regulate my kidneys and put me in
good shape. I gladly endorse Doan's
to anyone with kidney complaint."

IN MEMORIAM

In sad and loving memory of our dear son and brother, Frederick De Moss, who passed away one year ago today, July 19, 1922.

God in His infinite mercy and never-dying love,

Threw open wide the portals of that bright home above,

And bade our beloved one enter that bright home of the blessed,

Where there is no more suffering, but eternal peace and rest;

God, alone, knows how we miss him, how hard it was to say farewell,

But we have that blessed assurance that he has gone with Him to dwell. Gone in the best of his days.

Torn from the hearts that loved him. One of the noblest souls whom God did lend.

A wonderful son and faithful friend, Always so patient, tender and kind

What a beautiful memory he left behind.

—From his loving mother and sister.

Future of Education in United States

Consensus of Opinion of National Education Association Convention.

Washington, July 19 (Capital News Service).—The National Education Association, which has just closed its convention in San Francisco, has a very definite and concrete policy, which it is putting before the American people with every force in its power. Summarized, it is working for adequate public school finance, rigid Americanization of the foreign-born, a new rural school policy, a drive against governmental parsimony in education, and the passage of the Education bill.

The central features of a forward looking program, covering at least the next decade of service are:

(1) A comprehensive education program to aid in the assimilation of the foreign-born;

(2) Such a reorganization of school curricula as will adapt the schools better to new conditions and needs in national life;

(3) The reorganization and redirection of rural education, that the best of American farmers may be retained on the farms;

(4) A much more general equalization of both advantages and the burdens of education through a more extensive pooling of the costs for maintaining what is for the common good of all;

(5) Provision for the placing of an adequately educated and adequately trained teacher in every class room in the United States; and

(6) The nationalizing of education in the minds of our people with some intelligent form of national aid in school support to insure a better equalization of both the advantages and the burdens of education as between the states.

Count Your Blessings and Forget Your Troubles

If you think you have troubles—

If you think that you have a lot to worry about, let us suggest that you go to the Chautauqua and hear the lecture by MR. M. ALEXANDER SCHWARTZ.

Listen to his story. Hear about the remarkable things that have happened to him, and you will decide that after all your troubles don't amount to much.

MR. SCHWARTZ IS A RUSSIAN BY BIRTH. At one time he was a colonel in the Czar's crack regiment. He became interested in Nihilist activities, as did so many of the army officers of his time, and he was banished to Siberia. Later on he escaped to America and married and settled down in San Francisco.

Although he and his wife were ardent Socialists and were sent as American representatives to the Third Internationale at Moscow, he had not been there long before he realized that

Socialism, as practiced in Russia, was not accomplishing what it was thought it would.

BEING AN AMERICAN CITIZEN, he gave voice to his opinions, and it was not long before he and his wife were jailed on a slight pretext. The story of the tortures and indignities that they suffered is worth going a long way to hear. At one time he was even lined up before a firing squad for execution, as he supposed, but the guns were loaded with blank cartridges. This was but one of many grim jokes of which he was the victim.

The Schwartzes were finally set free, but the experience was too much for Mrs. Schwartz, and she died soon after.

AFTER A LONG AND PERILOUS JOURNEY, Mr. Schwartz finally returned to America, and as a tribute to the memory of his wife, he has dedicated his life to explaining the errors of what he formerly thought was the ideal government.

Go and hear Mr. Schwartz at the Chautauqua. Listen to his story, and when your troubles oppress you, and you think this is indeed a tough world, think of what he has told you. You will decide that after all, things are not so bad, and that you could be in worse position.

As a combination tonic, entertainment, and education, we know of nothing that will fill the bill as completely as hearing this wonderful lecture by Mr. Schwartz.

Golf Pointers

Is the same stance and grip used in addressing the ball with a wooden club as with an iron?

Answered by
JIM BARNES

American open champion, 1921; recognized everywhere as one of the greatest golfers in the world. In British open championship, 1922, he finished second, one stroke behind Walter Hagen, the winner.

I advise the same grip for both woods and irons—it becomes a matter of habit and makes for better golf. When using irons, the player should stand a bit nearer the ball than when woods are employed and the feet should be slightly closer together. Of course, the distance a player stands away from the ball is regulated by the length of club he is using.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have ever known. An eminent physician, expert in this science, has shown the way. It was his who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Hartman, Cornsboro, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with Mother's Friend and had no trouble. I was only a nurse; we had to wait to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to B. A. Frost, Inc., P. O. Box 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores everywhere.

WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could barely do my housework and washing. I was so run-down, just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SAJECH, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions. First, those symptoms that affected them, most conspicuously; and later the disappearance of these symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been helping women.

DEMOCRATS PLAN STATE CONFERENCE

WILL PROBABLY HOLD MEETING EARLY IN SEPTEMBER

FRANK FARRIS CHAIRMAN

Senator is Planning to Get Leaders Together in Meeting at Jefferson City

A conference of Democratic party officials and leaders will be held at Jefferson City early in September under a call to be issued late in July by Frank H. Farris of Rolla, chairman of the state committee.

Farris, announced that the meeting will be to discuss organization and to lay plans to pay the \$22,000 debt which has been a heritage of the state organization since the 1920 campaign. The meeting will follow the general plan announced late in the winter when the committee met at Jefferson City and elected Farris chairman to succeed William L. Iggee, Cordell Hall, chairman of the Democratic national committee, has promised to attend the conference on a date to be arranged, Farris said. Senator Reed, who opposed Farris for the chairmanship, will be invited to deliver an address.

"The conference is called to discuss organization," Farris said. "It will include all members of the Democratic organization and any other Democrats who care to attend."

"The Democrats expect to carry Missouri next year and a conference on important matters in September will afford an opportunity to lay plans that will be perfected by the time the campaign for president and a complete state ticket opens early next year."

While Farris announced the conference would be restricted to organization, other Democrats said there would be general discussion of the race for governor. Candidates for the nomination must announce and file about June 1 next year.

There are now not less than twelve mentioned as candidates. All are expected to attend the conference. Included in the list are former Gov. Frederick D. Gardner, John M. Atkinson and George H. Moore, all of St. Louis; A. L. Hart, Bloomfield, Floyd Jacobs, Mayor Frank Cromwell and former State Senator State William R. Painter, Carrollton, State Senator James H. Whitecotton, Paris.

Helen Miller Gets Favorable Comment

By Musical and Dramatic Critic Writing in This Week's Issue of Billboard

Writing in the Billboard of July 21, Al Plude, dramatic and musical critic, has this to say about Miss Helen Miller, daughter of Dr. and Mrs. Ed Miller of Hopkins, who is with the White and Brown Chautauqua circuit this summer:

"White and Brown have introduced a new feature in their junior work. We do not know whether they realize the importance of the step they have taken, I am sure that if they realize its importance, they will select someone with the greatest of care to formulate a feature which means so much to the little men and women of today."

"This new feature is teaching the children musical appreciation. We are not a musical people here in America. Every public school should have classes in this subject. But the great quandry is, who will teach the teacher?"

"Little Miss Miller, in charge of the work at Horse Cave, had her children under good control and when she was through with them, they really had some idea of real music, its purpose and how it was made, and that was a great step for six days of work. Each day she told them all about the musical company they were to hear later on. She stimulated their interest and during the programs later, the children were the quietest listeners in the tent and the most enthusiastic applauders."

Miss Miller's picture is in this week's issue of the Billboard.

Dr. Eagle Testing in Harrison County

(Bethany Republican).

Dr. T. J. Eagle of Maryville, U. S. veterinarian, is here this week to test herds of cattle in Harrison County for tuberculosis. Dr. Eagle's coming was announced last week. The primary object of Dr. Eagle's visit here is to re-test in herds in which reactors were found one year ago, and to test animals which were then suspected of being infected. Testing here last year was done by Dr. McGuire, then of Bethany.

A new amendment to the Missouri cattle indemnity act went into effect June 25, relating to indemnities available to owners of animals killed because of tuberculosis infection. The amendment provides that cattle brought into the state are ineligible to indemnity until after having passed one clean test within this state, such test having been made within 90 days after the cattle arrived in Missouri. Dr. Eagle will explain to these most interested the latest changes in the indemnity law.

Missouri is now one of the first states in the nation in tuberculosis control, now standing first in number of cattle which have received one test. It is the 12th in number of accredited herds.

Dr. Eagle emphasizes the importance of not taking untested cattle into a herd which has proved to be clean of infection.
